MESSAGE

I am happy to note that the Directorate of Training, which is the Administrative Training Institute for AGMUT Cadre, IAS (OTs), DANICS Probationers and employees of Government of NCT of Delhi apart from Delhi's Local and Autonomous Bodies / Corporations etc., is bringing out the Annual Training Calendar for the year 2023-24.

Training can change the outlook of any organization by improving the efficiency of the employees through enhancement of skills, knowledge and behavioral competencies. It is satisfying to know that the proposed training calendar contains a number of courses varying from the two-year foundation course for the DANICS Probationers to the one-day sensitization programmes on general awareness on a number of issues.

I am happy to note that the Directorate has also prepared comprehensive documents on **Mission 2023** as part of capacity building of Delhi Government officials and **Vision@2047** with effective timelines to achieve targets until 2047, when India completes one hundred years of independence.

I am sure that all Departments of Government of Delhi, its Local and Autonomous Bodies shall immensely benefit through Training Programmes offered by the Directorate.

I wish the Directorate of Training all success in its endeavors.

(Vinai Kumar Saxena)
