MESSAGE

On the occasion of the 11<sup>th</sup> Annual Convocation of Dr. B. R. Ambedkar University Delhi, I congratulate the students of various disciplines, who are being conferred with degrees and academic achievements.

It is appreciable that in a short span of time Dr. B.R. Ambedkar University, Delhi has emerged as one of the prominent higher education institutions in the field of social sciences and humanities. I am happy to know that the University has been making sincere efforts to revise its curriculum, to make their programmes more effective in terms of experiential learning and outcomes based education, in alignment with the New Education Policy (NEP) 2020. I look forward to the University playing a pivotal role in achieving the vision of NEP 2020.

As the graduating students move towards charting their professional trajectories, I am certain that they will continue to build upon the knowledge, skills, ideas and values that they have inculcated in the University and will effectively utilize these for wider social transformation through professional practice and individual action.

I convey my best wishes to the graduating students in all their future endeavors.

(Vinai Kumar Saxena)
