MESSAGE

It gives me pleasure to welcome students to the Academic Session 2026-27, as they begin an important and transformative phase of their lives at Dr. B. R. Ambedkar University Delhi. Higher education in Universities entail far more than the pursuit of academic qualifications; it is an opportunity to expand intellectual horizons, cultivate independent thought, and develop a deeper understanding of society and one's role within it.

Dr. B. R. Ambedkar University Delhi has distinguished itself as an institution committed to academic excellence, interdisciplinary learning, and the values of equity, inclusion, and social responsibility. In an increasingly interconnected and rapidly changing world, universities must nurture not only knowledge and professional competence, but also foster critical thinking, ethical awareness and sensitivity towards diverse social realities.

The challenges of our times, whether social, technological, environmental, or economic, call for individuals who combine skill with wisdom and innovation with compassion. I encourage students to make full use of the rich academic environment, vibrant campus life, and opportunities for research, dialogue and community engagement that the University offers. Engage deeply with your chosen disciplines, remain open to new ideas, and allow learning to extend beyond classrooms into meaningful experiences that shape character and perspective.

I extend my warm greetings and best wishes to all students embarking upon this new journey. May your years at Dr. B. R. Ambedkar University Delhi be marked by intellectual growth, creativity and a strong sense of purpose.

(Taranjit Singh Sandhu)
