MESSAGE

Education has the profound power to shape not only minds but also the aspirations and the character of a nation. The Directorate of Education's Excellence in Education Awards - 2025 celebrate the dedication, creativity, and tireless commitment of our educators and students, who continue to transform classrooms into spaces of inspiration and opportunity.

These awards honor individuals who go beyond the call of duty to nurture curiosity, compassion, and confidence among young learners. I commend the Directorate of Education for fostering a culture of innovation, discipline, and holistic development.

May these achievements continue to inspire many more to pursue excellence and contribute meaningfully towards building a knowledgeable, responsible, and empowered society.

(Taranjit Singh Sandhu)
