MESSAGE

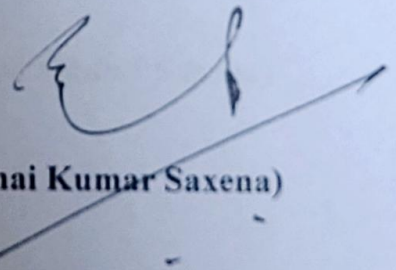

I am happy to learn that the DCM Shriram group is organizing the 27th edition of the National Hard-court Tennis Championship "Fenesta Open National Tennis Championship 2022".

It is commendable that DCM Shriram has been promoting sports with an aim of providing young sporting talent with a platform from which they can move on to higher levels. With the Government's focus on excellence and determination of our sportspersons, sports in India has been scaling newer heights.

With significant increase in the number of players at both the national and international level, the Indian tennis scenario is extremely vibrant today.

I am sure that this event would go a long way in promoting tennis and would help in further discovering new talent in the game.

I wish the organizers and participants all the best.

(Vinai Kumar Saxena)
