MESSAGE

The Delhi International Airport Ltd. (DIAL) – the Indira Gandhi International Airport has indeed emerged as an icon of our national endeavours towards excellence.

Ever since it started operations before the Commonwealth Games 2010, it has played a key role in the Indian aviation sector, as also allied economic growth. The various recognitions that it has gathered by way of awards and ratings stand testimony to the world-class standards that it strives to maintain.

I would like to put on record my appreciation for the proactive cooperation provided by DIAL to our efforts, by way of aesthetic upgradation of the Airport and its vicinity, and ample readiness, to welcome international dignitaries in the run up to and during the recently concluded G-20 Summit.

I extend my good wishes for your future endeavours and hope that DIAL - GMR will continue to strive for greater heights of excellence in the field of Airport logistics and passenger convenience.

(Vinai Kumar Saxena)
