MESSAGE

I am happy to learn that the DCM Shriram Group is organizing the 28th edition of the National Hard-court Tennis Championship "Fenesta Open National Tennis Championship" from 2nd to 14th October, 2023.

The efforts made by DCM Shriram Group in providing young sporting talents with a platform from which they can move on to higher levels, are commendable.

With significant increase in the number of players at both the national and international level, the Indian tennis scenario is extremely vibrant today.

I am sure that this event would go a long way in promoting tennis and would help in further discovering new talent in the game.

I wish the organizers and participants all the best.

(Vinai Kumar Saxena)
