**MESSAGE**

I am happy to know that the Directorate of Training (UTCS), GNCTD is bringing out the Annual Calendar for the year 2024-25.

I hope that all the Departments of GNCTD, Local and Autonomous Bodies / Corporations, etc. will take the opportunity to participate in the training programs offered by the Directorate, and enrich themselves with contemporary tools, techniques and ethos of good governance.

The benefits of governance reach the citizens through its employees. It is, therefore, vital that all government employees receive training throughout their careers, especially as and when they move upward and new demands are placed on them.

I wish the Directorate of Training all success in its endeavours.
