### **MESSAGE**

I am happy to know that the Directorate of Education is felicitating the meritorious students and the Best Schools for their achievements and a brochure is also being brought out on this occasion.

It is my sincere belief that Education is the Alchemy of modern times. Excellence is an attitude. It is not built overnight, it requires persistent planning and preparation. There is no limitation to the flight of human aspirations and endeavours. Our students and teachers are consistently raising the bar for themselves which is a very positive sign for the future of this great nation.

I extend congratulations to all winners of Excellence in Education Awards for their sterling contribution in the sphere of education and wish them a successful and fulfilling journey ahead.
