**MESSAGE**

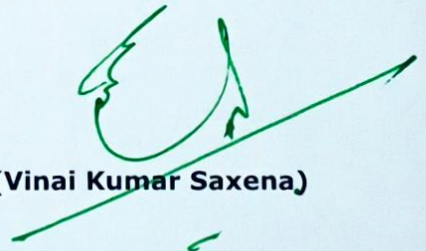

I am happy to note that Indraprastha Association of Rehabilitation Medicine (IPARM) is organizing its Mid-term Continuing Medical Education (CME) 2025, from 11<sup>th</sup> to 13<sup>th</sup> September, 2025 in New Delhi and is also bringing out a souvenir on this occasion.

Physical Medicine & Rehabilitation (PM&R) plays a critical role in restoring function, improving quality of life, and promoting independence for individuals affected by injury, illness, or disability. In today's healthcare landscape, where chronic conditions and post-traumatic impairments are increasingly common, the relevance of this specialty continues to grow.

I commend the medical professionals in the field of PM&R for their unwavering commitment to holistic and patient-centered care. This CME would provide a valuable platform for sharing the latest advances, research, and clinical practices that are transforming Rehabilitation Medicine.

I appreciate the efforts of the organizing team for bringing together such a vibrant academic forum, and I am confident that the knowledge exchanged here will contribute meaningfully to enhancing rehabilitation services across our state and beyond.

I extend my good wishes for the success of this CME.

(Vinai Kumar Saxena)
