MESSAGE

I am happy to know that the Smart Delhi Ideathon 2025, an initiative spearheaded by Guru Gobind Singh Indraprastha University (GGSIPU) in collaboration with AICTE IDEA Lab and Indian Pollution Control Association (IPCA) is being organized on 04th February, 2025.

Delhi, as the heart of the Nation, stands at the crossroads of transformation. The Smart Delhi Ideathon is a crucial step toward shaping a greener, more sustainable, and technologically empowered future for our city by making youth stakeholders in the exercise. This initiative exemplifies our commitment to fostering innovative solutions to the critical urban challenges we face today.

Smart Delhi Ideathon 2025 focuses on addressing pollution challenges, adopting sustainable green practices, and harnessing the power of youth as Green Ambassadors. Young minds hold the key to innovate solutions, and their active involvement will drive impactful change.

Technology plays a pivotal role in this journey. By leveraging data-driven insights, artificial intelligence, and smart urban solutions, we can mitigate environmental issues and build a cleaner, healthier Delhi.

This initiative aligns seamlessly with our broader National vision of sustainable development and reflects our collective commitment to making Delhi a global hub for innovation and smart solutions.

I encourage all young innovators to participate enthusiastically in this Ideathon. Let us work together to build a Smart Delhi that we can all be proud of, where innovation meets execution, and where every citizen becomes a stakeholder in Delhi's sustainable future. Together, let's create a greener, brighter Delhi!

Best wishes for the success of the Smart Delhi Ideathon 2025.

(Vinai Kumar Saxena)
