**MESSAGE**

I am happy to know that the Cathedral Church of the Redemption is organizing its Annual Garden Fete in aid of Leprosy Patients' Children Education Fund on 10.02.2024.

This is indeed an important outreach project of the Church started in 1974 with the prime aim of educating Children of Leprosy Patients living in and around Anandgram and Seemapuri. The project helps to empower the children to become self-reliant and to establish themselves as the respected and productive members of the society.

It is commendable that the children who studied under this project have taken up good jobs and stand witness to the efficacy of the program. This is a noble cause and reflects a strong commitment to those in need in our community.

I extend my best wishes to the Church on this important occasion and wish your program all success.
