MESSAGE

I am happy to know that Netaji Subhas University of Technology (NSUT) is holding its first convocation on 15th September 2023. The University is a leading university with a strong focus on excellence in education, research, and development.

On this historic day, I wish to congratulate the students, teachers and the team of NSUT to have achieved this feat. Since this is the 1st Convocation of the University, the first ever graduates (Batch 2019-2023) passing out of NSUT deserves a special round of applause and appreciation today. This is a historic day for them as they will be the first alumni of this prestigious University.

NSUT, because of its efforts and vision, has been able to accomplish its goals of excellence and is at the threshold of creating history today. NSUT, synonymous with hard work, has instilled in its students the qualities of responsible behavior- valuing environment and ethics in their lives, as well as becoming potential innovators and leaders of the country.

I wish the students of this batch the very best for their future - hoping that they will pave the way for future generations of students to perform their best, achieve excellence and remember the values that they have inculcated at NSUT.

(Vinai Kumar Saxena)
