### **MESSAGE**

I am happy to know that the Centre for Occupational and Environmental Health at Maulana Azad Medical College in collaboration with various International academic institutions is holding an International Conference on "Current Challenges in Occupational and Environmental Health" from 28-30<sup>th</sup> November, 2023".

It is noteworthy that the conference has chosen to address issues related to hazards and risks associated with occupational and environmental risks in our day-to-day life and the steps that are needed to protect public health vis-à-vis such risks and challenges.

I hope that the deliberations at the Conference would update health professionals in addressing the related issues. I am confident that the outcomes of the conference will help pave a way for a safe and Healthy Environment for all.

I extend my warm wishes to the organizers and participants of the conference and wish the deliberations my very best.

(Vinai Kumar Saxena)
